Since its early beginnings of PFI, **Pagan World** has been the magazine for our members, a place where all of them could share their impressions or points of view on different subjects. It has been also a way for members to be aware of the major events of PFI and to enjoy an 'international pagan reading'.

Starting as a printed humble quarterly newsletter, it changed to a more modern and eco-friendly format with the launching of **Pagan Plaza** (which is still available), the PFI archive of **Pagan World** and each PFI Nations' Newsletters. It has even become multilingual! Showing the diversity amongst PFI Nations.

Now, **Pagan World** has evolved once again, to an online and more interactive format.

Members won't have to download the docs/PDFs anymore. You will be able to read the articles online, everywhere, without downloading them. You are also able to comment, discuss and rate them!

Moreover, **Pagan World** online has become also the platform for some of the PFI Nations' Newsletters (like PFI Spain one) and will eventually host others!

On the left menu you will find the major categories, which include **Pagan World**, and the different Nations' Newsletters. Each Category comes with a general Index. You will also find a general Agenda a contact form to send us your articles. You can also send them to *Pagan World Editor*, **Sothis**.

On the right menu you will find a search field to find articles throughout the site. You'll also be able to select which category do you want to check, the index of the category you are in, or see articles by tags or languages – even the most recent comments!

We hope you'll enjoy this new fresh style and feel encouraged to collaborate with it!
